

The Hard Working Team at Woods Hair & Beauty

Woods score hole in one for local charity!

They saying goes - if you want something doing ask a busy person - if you also want something doing well, look no further than the team at Woods Hair & Beauty.

Woods recently hosted a health and beauty event at their salon to raise money for local charity, Against Breast Cancer, a charity that raises funds for unique research into breast cancer. Guests were invited to try various treatments and to talk to health and beauty experts about diet, fitness and alternative therapies.

Local businesses were keen to support the event and donated raffle prizes including: a range of ladies golfing equipment donated by Carswell Golf Club and afternoon tea at Fallowfields Country House Hotel & Restaurant.

“People always tell us how much they enjoy coming to the salon so we thought we’d use that as an excuse to host a social event. Everyone had a great time and we raised over £200.00 for charity from entrance money and a raffle”, commented co-owner, Sam Constable.

Woods Hair & Beauty is based at Carswell Golf Club, near Faringdon and offers a wide range of hair & beauty treatments using high quality L’Oreal and Decleor products.
